Dear Sirs,

FIA Europe netting opinion issued in relation to the FOA Netting Agreement

You have asked us to give an opinion in respect of the laws of Macau ("this jurisdiction") in respect of the enforceability and validity of the FOA Netting Provision contained in a FOA Netting Agreement or a Clearing Agreement.

We understand that your fundamental requirement is for the enforceability of the FOA Netting Provision to be substantiated by a written and reasoned opinion. Our opinion on the enforceability of the FOA Netting Provision is given in paragraph 3 of this opinion letter.

Further, this opinion letter covers the enforceability of the FOA Set-Off Provisions, the Clearing Module Set-Off Provision and the Title Transfer Provisions.

1. TERMS OF REFERENCE AND DEFINITIONS

1.1 Subject as provided at paragraph 1.2, this opinion is given in respect of:

1.1.1 persons which are limited liability companies incorporated by quotas ("Límitada") and joint stock companies ("S.A.") incorporated under the Macau Commercial Code;

1.1.2 banks incorporated under the Financial System Act approved by Decree-Law no. 32/93/M, dated 5 July 1993 ("FSA"); and

1.1.3 branches in this jurisdiction of foreign banks and other corporations.

1.2 This opinion is also given in respect of Parties that are any of the following, subject to the terms of reference, definitions, modifications and additional assumptions and qualifications set out in the Schedules to this opinion applicable to that type of entity:

1.2.1 Macau Financial Intermediaries licensed under the FSA (Schedule 2);

1.2.2 Partnerships organised under Sections 331 – 347 of the Macau Commercial Code (Schedule 3);
1.2.3 Insurance companies incorporated under the Insurance Ordinance, approved by Decree-Law no. 27/97/M dated 30 June 1997 ("IO") (Schedule 4);

1.2.4 Individuals over 18 years of age acting as merchants (Schedule 5);

1.2.8 Pension funds incorporated and managed pursuant to the Private Pension Funds Act, approved by Decree-Law no. 6/99/M dated 8 February 1999 and amended by Law no. 10/2001 dated 2 July 2001 (Schedule 9).

1.3 This opinion is given in respect of the FOA Netting Agreement and the Clearing Agreement when the FOA Netting Agreement and the Clearing Agreement are expressed to be governed by English law.

1.4 This opinion covers all types of Transaction identified in Annex 2.

1.5 This opinion is given in respect of only such of those Transactions which are capable, under their governing laws, of being terminated and liquidated in accordance with the FOA Netting Provision.

1.6 The opinions set out in paragraphs 3.7 and 3.8 are given only in relation to Margin which is located outside this jurisdiction.

1.7 A person incorporated or organised in this jurisdiction may be a Party to a Clearing Agreement only in the capacity of "Client" (as defined in the FOA Clearing Module or the ISDA/FOA Clearing Addendum). Our opinion does not apply in respect of a person incorporated or organised in this jurisdiction who is Party to a Clearing Agreement as "Firm" (as defined in the FOA Clearing Module) or "Clearing Member" (as defined in the ISDA/FOA Clearing Addendum).

1.8 In this opinion, references to the word "enforceable" and cognate terms are used to refer to the ability of a Party to exercise its contractual rights in accordance with their terms and without risk of successful challenge. We do not opine on the availability of any judicial remedy.
1.9 A reference in this opinion to a Transaction is a reference, in relation to the FOA Netting Agreement to a Transaction (as defined therein) and, in relation to FOA Clearing Module and ISDA/FOA Clearing Addendum to a Client Transaction (as defined therein).

1.10 Definitions

Terms used in this opinion letter and not otherwise defined herein shall have the meanings ascribed to them in the FOA Netting Agreement or the Clearing Agreement, unless the context specifies otherwise. Where, in a FOA Netting Agreement or, as the case may be, a Clearing Agreement, a defined term has been changed but the charged term bears the same meaning as a term defined in a FOA Published Form Agreement or this opinion letter, this opinion letter may be read as if terms used herein were the terms as so changed.

1.10.1 "Insolvency Proceedings" means the procedures listed in paragraph 3.1 and the particular proceedings applicable to each Party as described in the Schedules hereto;

1.10.2 "Insolvency Representative" means a liquidator, administrator, receiver or analogous or equivalent official in this jurisdiction;

1.10.3 A reference to a "paragraph" is to a paragraph of this opinion letter; and

1.10.4 A "suspect period" is a period prior to bankruptcy or insolvency being declared, during which the bankruptcy/insolvency Court could set aside certain acts or contracts (subject to the verification of the legal requirements the Insolvency Representative of the Macau Counterparty can challenge and declare of no effect, amongst others not relevant, the following suspect acts or contracts), such as payments of non-matured debts or payment of matured debts within one year prior to the Bankruptcy Ruling or declaration of insolvency with amounts that would normally not be used for such settlement (Section 1106, b), Civil Procedures Code) – a "suspect transaction".

1.10.5 "Bankruptcy Ruling" means the decision rendered by a Court of this jurisdiction declaring a Party bankrupt.

1.10.6 Annex 3 contains further definitions of terms relating to the FOA Netting Agreement and the Clearing Agreement.

2. ASSUMPTIONS

We assume:

2.1 That no provision of the FOA Netting Agreement or Clearing Agreement that is necessary for the giving of our opinions and advice in this opinion letter has been altered in any material respect, including by reason of a Mandatory CCP Provision. In our view, an alteration contemplated in Part 2 (Non-material Amendments) of Annex 4 hereto would not constitute a material alteration for this purpose unless the alteration has been set out by us in Section 5 of Annex 5. We express no view
whether an alteration not contemplated in Part 2 (Non-material Amendments) of Annex 4 would or would not constitute a material alteration.

2.2 That the FOA Netting Agreement or, as the case may be, the Clearing Agreement, and the Transactions or, as the case may be, the Firm/CCP Transactions and CM/CCP Transactions are legal, valid, binding and enforceable against both Parties under their governing laws.

2.3 That each Party has the capacity, power and authority under all applicable law(s) to enter into the FOA Netting Agreement or, as the case may be, the Clearing Agreement, and the Transactions; to perform its obligations under the FOA Netting Agreement or, as the case may be, the Clearing Agreement, and the Transactions; and that each Party has taken all necessary steps to execute, deliver and perform the FOA Netting Agreement or, as the case may be, the Clearing Agreement.

2.4 That each Party has obtained, complied with the terms of and maintained all authorizations, approvals, licences and consents required to enable it lawfully to enter into and perform its obligations under the FOA Netting Agreement or, as the case may be, the Clearing Agreement, and the Transactions and to ensure the legality, validity, enforceability or admissibility in evidence of the FOA Netting Agreement or, as the case may be, the Clearing Agreement in this jurisdiction.

2.5 That the FOA Netting Agreement or, as the case may be, the Clearing Agreement is entered into prior to the commencement of any insolvency proceedings under the laws of any jurisdiction against either Party.

2.6 That no provision of the FOA Netting Agreement or, as the case may be, the Clearing Agreement, or a document of which the FOA Netting Agreement or, as the case may be, the Clearing Agreement forms part, or any other arrangement between the Parties, or any Mandatory CCP Provision, constitutes an Adverse Amendment.

2.7 The FOA Netting Agreement or, as the case may be, the Clearing Agreement has been entered into, and each of the Transactions referred to therein is carried out, by each of the parties thereto in good faith, for the benefit of each of them respectively, on arms' length commercial terms and for the purpose of carrying on, and by way of, their respective businesses.

2.8 That the FOA Netting Agreement or, as the case may be, the Clearing Agreement accurately reflects the true intentions of each Party.

2.9 That each Party, when transferring Margin pursuant to the Title Transfer Provisions has effectively transferred all right title and interest in the Margin according to the laws of the jurisdiction where the Margin is located.

3. OPINION

On the basis of the foregoing terms of reference and assumptions and subject to the qualifications set out in paragraph 4 below, we are of the following opinion.
3.1 **Insolvency Proceedings**

The only bankruptcy, composition, rehabilitation (e.g. liquidation, administration, receivership or voluntary arrangement) or other insolvency laws and procedures to which a Party would be subject in this jurisdiction are the following:

Subject to the specifications set out in each of the Schedules hereto, the Insolvency Proceedings to which a Party can be subject in this jurisdiction are set out below:

3.1.1 **Extrajudicial Liquidation**, by appointed liquidators (or the directors) within a maximum term of two years, following dissolution (Section 318 ss., Commercial Code);

3.1.2 **Judicial Liquidation** in view of its dissolution (Section 1034 ss., Civil Procedures Code – “CPC”);

3.1.3 **Bankruptcy** (Section 1043 ss., CPC):

(a) The process may be initiated by petition filed within 2 years from the verification of any of the causes of bankruptcy, by any of following:

(i) any creditor, irrespective of the nature of its credit and priority – the creditors can only file the petition for bankruptcy based on the incapability of the debtor to satisfy its obligations after the 15 days deadline for the debtor to voluntarily present itself to the competent court and request for a creditors’ assembly;

(ii) the Macau Public Prosecutor, within its official powers;

(iii) the debtor (individual entrepreneur or corporate entity), after 15 days from the date it failed to satisfy its obligations without filing the application for the assembly of its creditors.

(b) The petition requirements will vary depending on the petitioner/applicant (Section 1085 of the CPC) and the grounds may be one of the following:

(i) Non-payment of one or more debts that, because of its amount or circumstances, demonstrates the incapability of the debtor to punctually satisfy its obligations;

(ii) Evasion by the individual entrepreneur or, in the case of a corporate entity, of its directors and/or other representatives, due to its indebtedness and without appointment of a substitutive representative;

(iii) Desertion of the registered office or directorship’s office;

(iv) Dissipation/disposal or deviation of assets, simulation of credits or any other abusive procedure revealing the intention of the debtor to dissipate its patrimony and/or become bankrupt.
(c) As relevant, the submission of a petition for bankruptcy proceedings by a creditor (the law does not distinguish between local and foreign creditors for this purpose) shall be justified on the relevant prerequisites and shall describe the origin, nature and amount of the credit, as well as the need (if any) to have the bankruptcy declared without the prior hearing of the debtor, by providing all the existing evidence and applying for any additional evidence it may require.

(d) The hearing will take place within 10 days following the petition (if the petition was submitted by the debtor or if it was required and justified not to hear the debtor in advance), or within 10 days of the debtor's reply in the other cases. If sufficient proof of the indebtedness is made, the Bankruptcy Ruling will be granted in writing with the minutes of the hearing, or, if the Judge considers the situation to be complex, it may be given separately in writing within 10 days.

(e) The Bankruptcy Ruling shall necessarily determine (i) the seizure of all books, accounts and assets of the bankrupt, even if previously seized, pledged or by other means kept by a third party; (ii) the new official address of the bankrupt, (iii) the appointment of a liquidator (the "Liquidator") to take over the management and conservation of the bankrupt's documents, assets and others (unless appointed before) and (iv) the deadline for the submission of any claims against the bankrupt's assets. The Bankruptcy Ruling will also cause (v) immediate maturity of all the bankrupt's debts; (vi) ending of the accrual of interests over the bankrupt's debts; (vii) the conversion into Macau local currency (Pataca - for reference as of the date of this opinion letter HKD$1 = MOP$1.032) of the amount of any debts in foreign currency, at the official exchange rate of the Bankruptcy Ruling date.

(f) Upon the Bankruptcy Ruling, creditors may claim their credits against the bankrupt by submitting evidence of debt to the Macau Court, specifying the nature, amount and source of the credit and any existing guarantees (Section 1140, CPC). The deadline established for submission of the petitions will be the one set in the Bankruptcy Ruling, which is published in the Macau Official Gazette, and it will start on the date of such publication.

(g) The current preferential credits/creditors under Macau law are described and graduated under the following order of privilege (Section 739, CC, ex vi 1152, CPC):

(i) Court Expenses in the interest of creditors for the recovery, conservation or liquidation of certain assets - special priority over all others to be paid from the assets subject to recovery, conservation or liquidation (Sections 733 and 738, CC).

(ii) Macau Government taxes;
(iii) Civil liability credits (over the respective insurance payment, if any);

(iv) Intellectual property rights (over the covered assets);

(v) Credits with general indistinct privilege, by the following order:

i. Personal medical expenses or expenses with dependent relatives for the past 6 months (individual's insolvency);

ii. Primary own expenses or expenses with dependent relatives for the past 6 months (upon individuals' insolvency);

iii. Employee's credits for their salaries for the past 6 months.

(b) The credits equally privileged shall rank pari passu amongst themselves and be paid on a pro rata basis. Credits with general indistinct privilege shall not preclude third parties' enforceable rights over the assets covered by the privilege.

Other than as above mentioned, the credits under a Transaction would generally rank at least pari passu with all other unsecured creditors, without prejudice to the Title Transfer enforceability opinion set out in paragraph 3.7.

The credits under a Transaction, in bankruptcy proceedings, will be paid from the remainder of the assets (after all privileged credits are paid), on a pro rata basis.

3.1.4 Preventive Proceedings (to avoid declaration of bankruptcy)

a) Judicial composition between creditors proposed by the bankrupt to reduce or modify the total or part of the debtor's obligations, which modification may be limited to a simple moratorium ("Concordata" - Section 1055, ss. CPC);

b) Creditors' Agreement for the incorporation of a limited liability companies incorporated by quotas ("Limitada") to continue the bankrupt's activity, which quotas are represented by the value of the credits after deduction of the debts of the creditors not subscribing the agreement; the company keep the bankrupt's assets in what exceeds the payment of privileged credits (Section 1075, ss. CPC). It is the same type of company as in paragraph 1.1.1. One solution provided in the bankruptcy proceedings is to create a limited liability company by quotas (the same type as in paragraph 1.1.1) in order to keep the company afloat.

This solution is applicable to all companies/commercial entrepreneurs.
that are in bankruptcy proceedings.

c) Insolvency of debtors who are natural persons and not commercial entrepreneurs, when their debts are higher than their assets (Section 1185, ss. CPC).

We confirm that the events specified in the Insolvency Events of Default Clause adequately refer to all Insolvency Proceedings, without the need for any additions.

3.2 Recognition of choice of law

3.2.1 The choice of English law to govern the FOA Netting Agreement or, as the case may be, the Clearing Agreement will be recognised in this jurisdiction if there is a serious interest of the Parties in such choice or provided that the law chosen has a relevant connection with any of the elements of the Agreement (Section 40, Civil Code – “CC”). If neither Party is incorporated or established in England there should be another relevant connection of the Agreement with such laws, such as the place of execution of the Agreement, Margin location, or a serious interest of the Parties, otherwise the choice of law may not be effective.

The “serious interest” is evaluated on a case by case basis by the Courts of Macau. In our opinion, the experience of the laws of England in the regulation of the FOA Netting Agreements, the FOA Clearing Module or ISDA/FOA Clearing Addendum, as internationally recognized and accepted, will imply that the choice of such laws represent a serious interest of the Parties and recognized as a valid choice of law to govern such agreements with the Macau Counterparty.

3.2.2 An Insolvency Representative or court in this jurisdiction would have regard to English law, as appropriate, as the governing law of the FOA Netting Agreement or, as the case may be, of the Clearing Agreement, in determining the contractual validity of the (i) FOA Netting Provision and the FOA Set-Off Provisions or, as the case may be, of the Clearing Module Set-Off Provision, and (ii) the Title Transfer Provisions.

Nonetheless, if any provision of the FOA Netting Agreement or, as the case may be, of the Clearing Agreement, is considered by a Macau court to be in violation of any of Macau public policy rules and/or principles, then the choice of English law and jurisdiction shall not preclude the application of Macau public policy rules. In our view, the provisions opined on in paragraphs 3.3, to 3.8 of this opinion are not manifestly in violation of with public policy rules of Macau.

The choice of English law will also not exclude the application of Macau laws in matters such as the capacity, authority and insolvency/bankruptcy of the Macau Counterparties, exclusively governed by Macau laws as the personal law of Macau Parties, as well as in respect of any collaterals under which a
security on assets located in Macau which are subject to registration under Macau laws.

3.3 Enforceability of FOA Netting Provision

3.3.1 In relation to a FOA Netting Agreement and in relation to a Clearing Agreement where the Client is a Defaulting Party, subject to paragraph 3.10, the FOA Netting Provision will be immediately (and without fulfilment of any further conditions) enforceable in accordance with its terms so that, following an Event of Default, including as a result of the opening of any Insolvency Proceedings

(a) the Non-Defaulting Party would be entitled immediately to exercise its rights under the FOA Netting Provision; and

(b) the Non-Defaulting Party would be entitled to receive or obliged to pay only the net sum of the positive and negative mark-to-market values of individual Transactions.

We are of this opinion because:

3.3.2 As opined in paragraph 3.2.1 and 3.2.2, the choice of English law to govern the FOA Netting Agreement will be recognised by the Courts in this jurisdiction, subject to the public policy considerations set out therein. Therefore, following an Event of Default which occurs prior to the Bankruptcy Ruling, the FOA Netting Provision will be immediately (and without fulfilment of any further conditions) enforceable in accordance with its terms to the extent it is immediately (and without fulfilment of any further conditions) enforceable in accordance with its terms under English law.

3.3.3 Furthermore, in our opinion, Macau Courts are likely to uphold and enforce the Single Agreement nature of the FOA Netting Agreement, particularly the application of the same contractual framework linking to the various single transactions entered into to the extent that should an Event of Default occur it may affect the whole of the Transactions then in course between the two parties. The provision of separate netting sets for each CCP service under the Clearing Agreement does not impair in our opinion the single agreement nature of the Clearing Agreement.

In respect of Insolvency Proceedings, when it results from the financial situation of the Defaulting Party that it was clearly unlikely that timely payment by the bankrupt’s estate of the contractual obligations under the Transactions subject to Netting would take place, the Netting could be considered prejudicial to the Macau Bankrupt Counterparty’s assets for establishing a “preference” which would otherwise not exist. That is so because the Non-Defaulting Party would have to submit the claim of its credits to the Macau Liquidator in the bankruptcy proceedings and the credits would generally rank pari passu with other unsecured credits (without prejudice to the Title Transfer enforceability opinion set out ion paragraph 3.7), in which case any of the Liquidator or other interested party (such as another creditor) may challenge its
enforceability.

Once a Bankruptcy Ruling has been rendered, the Defaulting Party, Netting and Set-off are no longer possible (Section 1101 CPC) (as described in paragraph 3.10).

Further, there is no rule of the laws of this jurisdiction which would impose a moratorium or stay which would prevent, delay or otherwise affect the exercise of such rights by the Non-Defaulting Party.

No amendments to the FOA Netting Provision are necessary in order for the opinions expressed in this paragraph 3.3 to apply.

3.4 Use of FOA Clearing Module or ISDA/FOA Clearing Addendum not detrimental to FOA Netting Provision

In relation to a Clearing Agreement, the opinions expressed at paragraph 3.3 above in relation to the FOA Netting Provision are not affected by the use of the FOA Clearing Module or the ISDA/FOA Clearing Addendum in conjunction with the FOA Netting Agreement. In a case where a Party, who would (but for the use of the FOA Clearing Module or the ISDA/FOA Clearing Agreement) be the Defaulting Party for the purposes of the FOA Netting Agreement, acts as Firm (as defined in the FOA Clearing Module) or Clearing Member (as defined in the ISDA/FOA Clearing Addendum), the question as to whether the FOA Netting Provision will, to the extent inconsistent with the Clearing Module Netting Provision or, as the case may be, the Addendum Netting Provision, be superseded by the Clearing Module Netting Provision or, as the case may be, the Addendum Netting Provision would be determined under the governing law of the Clearing Agreement.

3.5 Enforceability of the FOA Set-Off Provisions

3.5.1 In relation to a FOA Netting Agreement which includes the FOA Set-Off Provisions, the FOA Set-Off Provisions will be immediately (and without fulfilment of any further conditions) enforceable in accordance with their terms, so that following an Event of Default, subject to paragraph 3.10, the Non-Defaulting Party would be immediately entitled to exercise its rights under either or both of the FOA Set-Off Provisions, and in particular so that, upon the exercise of such rights:

(a) where the FOA Set-Off Provisions include the General Set-Off Clause:

(i) the value of any cash balance owed by the Non-Defaulting Party to the Defaulting Party would be set off against the Liquidation Amount (where such Liquidation Amount is owed by the Defaulting Party); or

(ii) the value of any cash balance owed by the Defaulting Party to the Non-Defaulting Party would be set off against the Liquidation Amount (where such Liquidation Amount is owed by the Non-Defaulting Party); or
(b) where the FOA Set-Off Provisions comprise the Margin Cash Set-Off Clause only, the value of any cash margin owed by the Firm to the Client would be set-off against the Liquidation Amount (where such Liquidation Amount is owed by the Client).

We are of this opinion because:

(c) As opined in paragraph 3.2.1 and 3.2.2, the choice of English law to govern the FOA Netting Agreement will be recognised by the Courts in this jurisdiction, subject to the public policy considerations set out therein. Therefore, following an Event of Default which occurs prior to the Bankruptcy Ruling, the FOA Set-Off Provision will be immediately (and without fulfilment of any further conditions) enforceable in accordance with its terms to the extent it is immediately (and without fulfilment of any further conditions) enforceable in accordance with its terms under English law.

(d) Furthermore, as explained in paragraph 3.3.3, Macau Courts are likely to uphold and enforce the Single Agreement nature of the FOA Netting Agreement, and under the laws of this jurisdiction (Section 838 CC) reciprocal obligations can be fulfilled by way of set-off.

Once a Bankruptcy Ruling has been rendered, the Defaulting Party, Netting and Set-off are no longer possible (Section 1101 CPC) (as described in paragraph 3.10).

No amendments to the General Set-Off Clause and the Margin Cash Set-Off Clause are necessary in order for the opinions expressed in this paragraph 3.5.1 to apply.

3.5.2 In relation to a Clearing Agreement which includes the FOA Set-Off Provisions and the Clearing Module Set-Off Provision and/or the Addendum Set-Off Provision (and in which the FOA Set-Off Provisions are not Disapplied Set-Off Provisions), the FOA Set-Off Provisions will be immediately (and without fulfilment of any further conditions) enforceable in accordance with their terms, so that following an Event of Default in respect of the Client, the Firm or, as the case may be, the Clearing Member would (to the extent that set-off is not already covered by the Clearing Module Set-Off Provision and/or the Addendum Set-Off Provision) be immediately entitled to exercise its rights under either or both of the FOA Set-Off Provisions, and in particular so that, upon the exercise of such rights:

(a) where the FOA Set-Off Provisions includes the General Set-Off Clause:

(i) the value of any cash balance owed by the Firm or, as the case may be, the Clearing Member to the Client would be set off against the Liquidation Amount (where such Liquidation Amount is owed by the Client); or
(ii) the value of any cash balance owed by the Client to the Firm or, as the case may be, the Clearing Member would be set off against the Liquidation Amount (where such Liquidation Amount is owed by the Firm or, as the case may be, the Clearing Member); or

(b) where the FOA Set-Off Provisions comprise the Margin Cash Set-Off Clause only, the value of any cash margin owed by the Firm or, as the case may be, the Clearing Member to the Client would be set-off against the Liquidation Amount (where such Liquidation Amount is owed by the Client).

We are of this opinion because

(c) the opinion expressed in paragraph 3.5.1(c) applies accordingly;

(d) there are no rules in the laws of Macau that would prohibit or restrict the FOA Set-Off Provisions in relation to a Clearing Agreement;

Once a Bankruptcy Ruling has been rendered, the Defaulting Party, Netting and Set-off are no longer possible (Section 1101 CPC) (as described in paragraph 3.10).

No amendments to the General Set-Off Clause and the Margin Cash Set-Off Clause are necessary in order for the opinions expressed in this paragraph 3.5.2 to apply.

3.6 Set-Off under a Clearing Agreement with a Clearing Module Set-Off Provision

In relation to a Clearing Agreement which includes the Clearing Module Set-Off Provision (whether or not the FOA Set-Off Provisions are Disapplied Set-Off Provisions, insofar as constituting part of the Clearing Agreement), the Clearing Module Set-Off Provision will be immediately (and without fulfilment of any further conditions) enforceable in accordance with its terms so that the Firm would be immediately entitled to exercise its rights under the Clearing Module Set-Off Provision, and in particular, if there has been an Event of Default in respect of the Client or a CCP Default, so that the value of any cash balance owed by one Party to the other would be set off against any Available Termination Amount owed by the Party entitled to receive the cash balance, insofar as not already brought into account as part of the Relevant Collateral Value.

We are of this opinion because:

3.6.1 The opinion expressed in paragraph 3.5.1(c) applies accordingly.

3.6.2 Under clause 5.5 of the FOA Clearing Module, Client is not entitled to any set-off rights (as it would be under the FOA Set-Off Provisions) and the Firm's set-off rights are limited to setting off any Available Transaction Termination Amount payable by Client to Firm against any amount owed by Firm to Client under the Clearing Agreement, which is related to the creation
of separate netting sets per Cleared Transaction Set upon a Firm Trigger Event or a CCP Default (respectively clause 5.2 and 5.3 of the Clearing Module).

In this case, with the separation of assets and provisions into different CPP accounts to avoid exposure to positions recorded in different accounts, it is less likely that there may be challenges that assets put in such accounts are not to be used to the preferential payment of the respective CCP transactions, and thus the enforceability of set-off in such cases is not likely to be challenged.

Once a Bankruptcy Ruling has been rendered, the Defaulting Party, Netting and Set-off are no longer possible (Section 1101 CPC) (as described in paragraph 3.10).

No amendments to the Clearing Module Set-Off Provision are necessary in order for the opinions expressed in this paragraph 3.6 to apply.

3.7 Enforceability of the Title Transfer Provisions

3.7.1 In relation to a FOA Netting Agreement (with Title Transfer Provisions) and in relation to a Clearing Agreement which includes the Title Transfer Provisions where the Client is a Defaulting Party, following the specification or deemed occurrence of a Liquidation Date, the Non-Defaulting Party would be immediately (and without fulfilment of any further condition) entitled to exercise its rights under the Title Transfer Provisions, so that the Default Margin Amount (as calculated pursuant to the terms of the Title Transfer Provisions) would be taken into account for the purposes of calculating the Liquidation Amount pursuant to the FOA Netting Provision.

3.7.2 The questions in relation to the FOA Netting Agreement (with Title Transfer Provisions) or a Clearing Agreement which includes the Title Transfer Provisions, (x) whether Transfers of Margin would be characterised as outright transfers of title or creating a security or other interest, and (y) whether Margin Transferred may be used without restriction, would, under the conflicts of laws rules of this jurisdiction, be determined by reference to the governing law of the FOA Netting Agreement (with Title Transfer Provisions) and a Clearing Agreement which includes the Title Transfer Provisions, and/or by reference to the governing law of the place where the Margin is located.

We are of this opinion because, except in the case of “suspect transactions”, nothing under the laws of this jurisdiction impede or prohibit the Title Transfer Provisions to operate.

3.8 Use of security interest margin not detrimental to Title Transfer Provisions

In relation:

3.8.1 to a FOA Netting Agreement (with Title Transfer Provisions) and to a Clearing Agreement which includes the Title Transfer Provisions and the Non-Cash Security Interest Provisions (used with or without the Rehypothecation Clause) and/or the Client Money Additional Security Clause - whether the
Default Margin Amount (as calculated pursuant to the terms of the Title Transfer Provisions) would be taken into account for the purposes of calculating the Liquidation Amount pursuant to the FOA Netting Provision; and

3.8.2 to the Clearing Agreement which includes the Title Transfer Provisions - whether the value of the transferred Margin would be taken into account as part of the Relevant Collateral Value,

would be determined by reference to the governing law of the FOA Netting Agreement (with Title Transfer Provisions) and a Clearing Agreement which includes the Title Transfer Provisions, or by reference to the governing law of the place where the collateral is located. Further, our opinion at paragraph 3.7 remains true in relation to such a FOA Netting Agreement or Clearing Agreement.

3.9 Single Agreement

Under the laws of this jurisdiction it is necessary that the Transactions and the FOA Netting Agreement or, as the case may be, the Clearing Agreement are part of a single agreement in order for the termination and liquidation under the FOA Netting Provision to be enforceable. In our view, the FOA Netting Agreement or, as the case may be, the Clearing Agreement, and Transactions are part of a single agreement.

3.10 Automatic Termination

It is necessary for the Parties to agree to an automatic, rather than an optional, termination and liquidation under the FOA Netting Provision to ensure the effectiveness of netting under the FOA Netting Agreement in the event of bankruptcy, liquidation, or other similar circumstances.

This need arises from the application of Section 1101 of the CPC which provides that, once the Bankruptcy Ruling has been issued, it is not possible to perform the Netting or Set-Off of the values due by each Party to the other any longer. In addition, should the Macau Counterparty be declared bankrupt, FOA’s credits would automatically be deemed matured and stop accruing interests as at the date the Bankruptcy Ruling.

3.11 Multibranch Parties

We do not consider that the use of the FOA Netting Agreement or, as the case may be, the Clearing Agreement by a Party with branches in a number of different jurisdictions, including some where netting may not be enforceable, would jeopardise the enforceability of the FOA Netting Provision, the FOA Set-Off Provisions, the Clearing Module Set-Off Provision or the Title Transfer Provisions in so far as the laws of this jurisdiction are concerned, providing that such FOA Netting Provisions, FOA Set-Off Provisions, the Clearing Module Set-Off Provision or the Title Transfer Provisions are enforceable under the jurisdiction where the assets are located. However, an Insolvency Representative of a Defaulting Party could treat the obligations in respect of Transactions entered into by a branch located in Macau separately from other obligations arising under the FOA Netting Agreement or other
Transactions, namely when the Netting, Set-Off and Title Transfer were effected during the "suspect period" and when there are privileged credits in the jurisdiction which settlement is affected by such Netting, Set-Off and Title Transfer provisions.

3.12 Insolvency of Foreign Parties

Where a Party is incorporated or formed under the laws of another jurisdiction and an Event of Default occurs in respect of such Party (a "Foreign Defaulting Party") there can be no separate Insolvency Proceedings in this jurisdiction in relation to the Foreign Defaulting Party and the authorities in this jurisdiction would defer to the proceedings in the Foreign Defaulting Party's home jurisdiction, providing that when the Defaulting Party is a Macau branch, the assets of the local branch would primarily cover its own obligations.

3.13 Special legal provisions for market contracts

There are no special provisions of law which would affect the opinions given in this paragraph 3 which would apply to a Transaction between two Parties as a result of the fact that such Transaction was entered into on, or is back-to-back with a Transaction entered into on an exchange (in this or another jurisdiction), or is cleared at, or is back-to-back with a transaction to be cleared by a central counterparty.

4. QUALIFICATIONS

The opinions in this opinion letter are subject to the following qualifications.

4.1 General qualifications

The opinions in this opinion letter are subject to the following qualifications. For purposes of clarity, please be aware that the qualifications apply to the entities referred in 1.2. When the following paragraphs refer to one specific type of entity, it shall be deemed not to comprise the entities in 1.2, but only the one referred to in that paragraph.

4.1.1 Macau Corporate Entities

Capacity of Macau corporate entities to enter into any Transactions results from the principle of speciality that governs corporate legal entities' capacity. According to this principle, legal entities do not have the legal capacity to enter into any type of contracts and to exercise legal acts generally without regard to the subject of such contracts or acts. Instead, legal entities' capacity normally comprises the rights and obligations required, useful or convenient to the pursuance of its business purpose, except for those excluded under statute or that derive from the specific nature of an entity (Section 177, no. 1, ComC).

Accordingly, the capacity of private corporate legal entities shall be assessed from their respective articles of association ("AA"), which may be obtained from the Macau Companies Registry with an updated Certificate of Registration. The AA will also determine the internal form of approval of administration acts and the binding arrangements, also reflected in the
Certificate of Registration.

It can be said that, normally, when Transactions are entered into by the Macau legal entities for hedging purposes, the Transaction would be within their legal capacity and deemed a normal management act. Instead, when Transactions are entered into for pure speculative purposes they will not be deemed to be in the interest of the entity or covered within the normal management acts of the administration. Normally Transactions should be justified based upon hedging purposes and, to safeguard such justification, approved by resolution of the board of directors - in companies incorporated by shares - or by the shareholders - in companies incorporated by quotas.

4.1.2 Limitations to Enforcement

Up to the present moment no court decision has been taken by Macau Courts nor is there any specific doctrine supporting this matter in Macau, thus there is still some margin of discretion in the judicial approach and qualification of Transactions under a single Agreement nature (within similar terms as a current account) or to qualify each Transaction as a separable transaction with the necessary consequences to be reflected in relation to the validity and enforceability of the Netting Provisions and Set-Off provisions, or even a combination between the two. In our opinion, Macau Courts are likely to uphold and enforce the Single Agreement nature of the FOA Netting Agreement and the Clearing Agreement, particularly the application of the same contractual framework linking to the various single transactions entered into to the extent that should an Event of Default occur it may affect the whole of the Transactions then in course between the two parties. The Netting provisions providing for a single lump-sum termination amount would also be enforceable under Macau laws as made prior to the Macau Counterparty being subject to a Bankruptcy Ruling, unless it results that it was clearly unlikely that timely payment of such contractual obligations by the bankrupt’s estate would take place, in which case any of the Liquidator or other interested party (such as another creditor) may challenge its enforceability.

As per the rules of the CC, (Sections 838 ss) when two persons are reciprocally creditor and debtor they can set-off their obligations by means of Netting/Set-Off agreement. The Set-off becomes effective by means of declaration of one party to the other (Section 839). This declaration is ineffective if made subject to a condition (where the declaration is made conditional on the occurrence of a future event) or a term (where the effects of the declaration are delayed until the occurrence of a future event or cease its effects upon the occurrence of such event).

It is also worth noting that the declaration above referred (Section 839 of the CC) is of essence for the Netting and Set-off to be fully enforceable and as a matter of certainty the Firm should be aware that, although the Netting and Set-Off is established in the Agreements without the need for a notice to the Defaulting Party, it is “good policy” to make such declaration for certainty, security and effectiveness of the Netting and Set-off.
Enforcement of the FOA Netting Agreement or the Clearing Agreement against Macau Counterparties may be limited by the effect of laws governing bankruptcy, insolvency, liquidation and reorganization, or by other laws of general application in Macau SAR relating to or affecting the rights of creditors generally.

Generally, regardless of any agreement of the parties to the contrary under the relevant Agreement, by force of Macau statute, once a Bankruptcy Ruling in relation to the Macau Counterparty is in place, the Non-Defaulting Party’s credits would automatically be deemed matured and stop accruing interests as at the date of the Bankruptcy Ruling. Also from that date onwards, Macau statute determines that Set-Off is not allowed. Finally, Macau statute determines that debts in a currency other than the Macau currency shall be converted into Macau currency at the exchange rate applicable at the date of the Bankruptcy Ruling.

Regarding insolvency, the same rules and interpretation should apply.

Regarding liquidation, this is a phase which does not entail bankruptcy of the company, thus the rules above referred do not apply. During this stage, there is the obligation for the liquidators to fulfil the companies’ obligations, and carry out any businesses already initiated at the date of beginning of liquidation. It can be a decision of the liquidators to file for bankruptcy during the liquidation, if the assets are not sufficient for the company to be able to meet its obligations with its creditors (Section 318 ss of the Commercial Code).

4.1.3 Foreign Judgments Recognition

A judgment obtained in an English or New York court can be enforceable in the courts of Macau, however the enforcement is not automatic. In the absence of any International Treaties or Judiciary Cooperation Agreements between either one of such jurisdictions and Macau, the general rule of the CPC shall apply, determining that a foreign judgment will be enforceable in Macau only after revision and confirmation procedures (Sections 680 and 1199, CPC), by the Macau Court of Appeal, which in principle do not involve re-trial on the merits.

Pursuant to Section 1200, CPC, a judgement obtained against a Macau counterparty in the courts of a foreign jurisdiction would be recognised and enforced by the courts in Macau, provided that:

(i) There are no doubts on the authenticity of the document supporting the foreign court’s decision and the decision is intelligible;

(ii) The judgment given by the foreign court is final and conclusive;

(iii) The jurisdiction of the foreign court was not attained through fraud and the decision of the foreign court does not respect to matters of the exclusive jurisdiction of the Macau courts (rights over real estate located in Macau SAR,
capacity and bankruptcy of Macau counterparties and matters deemed of public interest);

(iv) There is no previous judgment of, or proceedings pending in Macau courts between the same parties to decide on the same matter as that decided by the foreign court, except if the foreign court reserved the jurisdiction;

(v) The defendant was properly served and the right to contradict and to equal treatment of the parties within the foreign proceedings was observed; and

(vi) The recognition or enforcement of the foreign judgment in Macau would not be contrary to public policy in Macau.

A judgment issued by a foreign court would normally be enforced upon official verification of the non-existence of the requirements referred above, which assessment shall be made officially by the Macau Court. Upon initial verification of the enforcement requirements, the Macau Counterparty is summoned and has the right to oppose solely based upon the referred arguments, in which case the revision and confirmation will no longer be just formal but it will include a retrial on the merits (Section 1202, no.2, CPC).

4.1.4 Reasonable use of discretion

Where a party is vested with discretion or may determine a matter in its opinion, Macau law requires that such discretion be exercised reasonably or that such opinion is based upon reasonable grounds.

4.1.5 Limitations to Enforcement on currency differences

Clauses providing for a separate cause of action in respect to the negative difference between the original currency of an obligation and the payment received in settlement in other currency (judgement currency), may be deemed unenforceable in Macau courts to the extent that under the law of the jurisdiction where the proceedings were filed it was possible for the Firm to claim the obligation in the original currency, as is the case in Macau jurisdiction, because it shall be deemed that any award made by a court of competent jurisdiction in respect to an obligation at matter shall totally cover the obligation claimed.

4.1.6 Risk of Recharacterisation

Following exercise of the Firm's rights under the Non-Cash Security Interest Provisions, the ranking of the Firm's rights to the proceeds of realisation of the Collateral in relation to the interests of the Counterparty and any other person would be a matter to be determined under the law of the place where the Collateral is situated, or subject to registration, provided that the rights under the Non-Cash Security Interest Provisions are fully recognized and enforceable in such jurisdiction, or otherwise if falling under a “suspect
period", as defined under paragraph 1.10.4, there may be the following risk:

a) That the Liquidator of the Defaulting Party may void the acts or contracts proven to have been executed or undertaken *mala fide* and to prejudice other creditors’ rights (Sections 1105 and 1106 of the CPC and Section 605 CC). Proof of prejudice to the bankrupt Defaulting Party’s assets and consequently to other creditors’ rights may be made by demonstrating that it was clearly unlikely that timely payment of the underlying contractual obligations would have otherwise taken place and that such transfer was excessive in relation to the value of the obligations to be fulfilled and may therefore be seen as favouring of a certain creditor – the Non-Defaulting Party. If the Liquidator is able to make such proof in relation to any transfer of Collateral, then the transferred assets may be attached to the bankrupt’s estate.

b) Under Macau bankruptcy legal provisions (Sections 1043 to 1184 CPC) there are various levels of “operations” that may be qualified as “suspect transactions”, such as (i) payments of non-matured debts or payment of matured debts within the year preceding the Bankruptcy Ruling with amounts that would normally not be used for such settlement, (ii) the obligations undertaken by the Transferor/ bankrupt during the 2 years preceding the Bankruptcy Ruling, if manifestly exceeding the obligations undertaken by the other party, or (iii) real guarantees (such as pledge over assets located in or subject to registration in Macau) granted by title executed subsequently to the date of the guaranteed obligation, within the year preceding the Bankruptcy Ruling, or the guarantees executed simultaneously with the underlying obligations within the 90 days preceding the Bankruptcy Ruling.

Transactions during the “suspect period” are under a legal assumption of being made “*mala fide*”. If any creditor or the liquidator opposes to a Transaction by proving that such Transaction effectively prejudiced other creditors’ rights, the relevant transferred assets will revert to the “bankrupt’s estate”. Only those Transactions falling under the definition of “suspect transactions” as set out in paragraph 1.10.4 would be affected.

4.1.7 Netting following commencement of Insolvency Proceedings

Where an obligation has been entered into (including under a Transaction or a transfer of Margin under the Title Transfer Provisions) after the commencement of Insolvency Proceedings in relation to a Party, any amount which is due in respect of such an obligation may not be capable of inclusion in the netting under the FOA Netting Provision, the Clearing Module Netting Provision, the Addendum Netting Provision, or a set-off under the FOA Set-Off Provisions, the Clearing Module Set-Off Provision or the Addendum Set-Off Provision, but this would not impair the effectiveness of the netting under the FOA Netting Provision, the Clearing Module Netting Provision, the
Addendum Netting Provision, or a set-off under the FOA Set-Off Provisions, the Clearing Module Set-Off Provision or the Addendum Set-Off Provision in respect of amounts due in respect of Transactions entered into before the commencement of such Insolvency Proceedings.

4.1.8 Non-mutual obligations

If the obligations under the FOA Netting Agreement or, as the case may be, the Clearing Agreement are not "mutual" between the Parties they may not be eligible for inclusion in a netting or set-off pursuant to the FOA Netting Provision, the FOA Set-Off Provisions or the Clearing Module Set-Off Provision. For these purposes, under the laws of this jurisdiction, obligations would not be regarded as "mutual" only if one of the Parties would be prevented from exercising the rights awarded to it under mandatory provisions of the CC in the event of non-performance, delayed performance or defective performance of a contract and such non-performance, delayed performance or defective performance was caused by gross negligence or wilful default of the other Party (Section 798 CC). These rights are essentially the right to terminate if the other Party has definitely breached or refused to perform the contract and the right to be compensated for losses in case of default.

However, the inclusion of amounts in respect of non-mutual obligations would not impair the effectiveness of the netting under the FOA Netting Provision or a set-off under the FOA Set-Off Provisions or the Clearing Module Set-Off Provision in respect of amounts due in respect of Transactions which are mutual.

SCHEDULE 1

Macau Banks/ Financial Institutions

Subject to the modifications and additions set out in this Schedule 1 – Macau Banks, the opinions, assumptions and qualifications set out in this opinion letter will also apply in respect of Parties which are Macau Banks. For the purposes of this Schedule 1, "Macau Banks/ Financial Institutions" means "an undertaking whose principal activity is to grant credit facilities, to acquire holdings, to engage in investment activities, or to act as intermediary in the money, financial or foreign exchange markets" (Section 1 (a), FSA) and any agency, branch, or office of representation of overseas banks (Section 1 e) (f) and (g).

Macau Banks/ Financial Institutions are governed by the terms of the FSA and subject to the supervision of the Monetary Authority of Macau – “AMCM”.

Except where the context otherwise requires, references in this Schedule to "paragraph" are to paragraphs in the opinion letter (but not to its Annexes or Schedules) and references to "sections" are to sections of this Schedule.

1. MODIFICATIONS TO TERMS OF REFERENCE AND DEFINITIONS

Paragraph 1.10.1 is deemed deleted and replaced with the following:

"Insolvency Proceedings" means the procedures listed in paragraph 3.1, with the following addition/modification of Schedule 1 – Macau Banks:

"Only the bankruptcy proceedings described in 3.1.3 apply to Macau licensed Banks and branches of overseas Banks, with the particularities of the statutory recovery procedures described in the FSA”

2. MODIFICATIONS TO OPINIONS

On the basis of the terms of reference and assumptions and subject to the qualifications (in each case set out in this opinion letter as modified, or added to, by this Schedule 1), we are of the following opinion.

Paragraph 3.1 is deleted and replaced with the following:

Insolvency Proceedings: Banks

3.1 The only Insolvency Proceedings to which a Party which is a Macau Bank or Branch of an overseas Bank could be subject under the laws of this jurisdiction, and which are relevant for the purposes of this opinion letter, are as follows:

"Bankruptcy as described in 3.1.3, subject to the following statutory conservatory measures:

Intervention in the management by the regulatory entity (AMCM) as a bankruptcy prevention proceeding."
Whenever the situation of a credit institution is so unstable that it may jeopardize the fulfillment of its obligations to depositors or other creditors, or if it puts at risk the confidence in the financial system, by initiative of the Chief Executive of Macau and upon advice from AMCM, one or more delegates or an administrative committee may be appointed for this purpose.

From the moment when intervention begins and until it has ceased, it shall not be possible to file for or order bankruptcy, nor to sign any creditors' agreements unless so requested by the delegate or delegates or the administrative committee or unless they do not oppose the Bankruptcy Ruling or the signing of creditors' agreement.

When intervention has been implemented, the period for the legal summons of the creditors under the preventive means to avoid bankruptcy shall only end thirty days after the intervention has been lifted (Section 97).

Intervention is deemed to have ended upon expiry of the term of appointment of the delegates or members of the administrative committee expires or a final judicial decision confirms the bankruptcy covenant, creditors' agreement or Bankruptcy Ruling. If, after intervention has been implemented, an application is made for a judicial summons of the creditors in order to prevent bankruptcy, the duration of appointment of the delegate or delegates or administrative committee shall be automatically extended until judicial confirmation of the bankruptcy covenant, other voluntary agreement or the Bankruptcy Ruling is not subject to appeal.

The above provisions shall apply, with the necessary modifications, to Macau branches of banks incorporated overseas. In the case of the universal liquidation of a credit institution incorporated overseas, the Liquidators of the local branch may propose to a meeting of the creditors that they join this procedure, but the transfer of any assets or local property rights is subject to prior authorization from AMCM and shall only be granted after all debts with the Administration of Macau have been settled. It is a form of stabilizing the system or a bankruptcy prevention proceeding. Primarily, to avoid bankruptcy or to avoid this bankruptcy to damage the financial system.

Paragraph 3.12 shall therefore be modified to include the following reference:

"In the case of the universal liquidation of a credit institution incorporated overseas, the Liquidators of the local branch may propose to a meeting of the creditors that they join this procedure, but the transfer of any assets or local property rights is subject to prior authorization from AMCM and shall only be granted after all debts with the Administration of Macau have been settled."

We confirm that the events specified in the Insolvency Events of Default Clause adequately refer to all Insolvency Proceedings, without the need for any additions."

3. ADDITIONAL QUALIFICATIONS

The opinions in this opinion letter are subject to the following additional qualifications:
4.1.9 Universal Liquidation of Company incorporated overseas and transfer of assets

In the case of the universal liquidation of a credit institution incorporated overseas, the Liquidators of the local branch may propose to a meeting of the creditors that they join this procedure, but the transfer of any assets or local property rights is subject to prior authorization from AMCM and shall only be granted after all debts arising out of the Macau branch activity have been settled."

4. MODIFICATIONS TO QUALIFICATIONS

4.1.1. Macau banks and Macau branches of foreign banks are ruled by the FSA, as mentioned above, thus any limitation to their entering into Transactions would result from the FSA and/or their own AA. Macau Banks are expressly authorized as investors in their own name, as well as on behalf of third parties. They are generally authorised to enter into Transactions with any entity, onshore or offshore, subject to the observation of prudential rules, such as minimum liquidity requirements, minimum solvency ratio and capital adequacy ratio, as defined by supervising entity AMCM from time to time. The degrees of risk to be undertaken by Banks are also defined by notices of AMCM issued from time to time, also depending on the financial regulation of the Counterparties with whom the local Banks deal and depending if the securities are transacted in international stock exchanges or not.
SCHEDULE 2

Macau Investment Brokers (Macau Financial Intermediaries)

1. Macau Financial Intermediaries are licensed in Macau pursuant to the FSA, Sections 116 – 120 and governed also by various other sections of the FSA, which application is extended to them ex vi Section 120.

They have a limited scope of activity, being only authorized to purchase or sell, on behalf of third parties, securities and other instruments transacted in the money, financial or foreign exchange markets, or to accept investors' orders relating to these instruments. In the pursuance of their activity they are subject to the supervision of the Monetary Authority of Macau – AMCM.

2. Accordingly, Macau Financial Intermediaries would not have the capacity to enter into Transactions under their own name but solely on behalf of third parties according to their respective instructions and authority given to them by the financial investors and thus they should be excluded from the possible Macau Counterparties to enter into the Agreement and Transactions.

3. We confirm that the events specified in the Insolvency Events of Default Clause adequately refer to all Insolvency Proceedings, without the need for any additions.”
SCHEDULE 3

Macau Insurance Companies

Subject to the modifications and additions set out in this Schedule 3 – Macau Insurance Companies, the opinions, assumptions and qualifications set out in this opinion letter will also apply in respect of Parties which are Macau Insurance Companies. For the purposes of this Schedule 3 – “Macau Insurance Companies” means “entities duly licensed in Macau to perform insurance activity”.

Insurance companies are governed by the Insurance Ordinance (“IO”) and subject to authority of the Insurance Supervision Department of AMCM, which is also expressed by the Notices published and circulars addressed from time to time to the entities subject to its supervision.

Although Macau Insurance Companies are not prohibited from entering into Transactions, Section 4, IO states that the sole object of insurers shall be to carry on the activity referred to in Section 2 paragraph a), IO, as follows:

“...In this Ordinance, unless the context otherwise requires:

a) Insurance activity - means the regular performance of acts relating to the acceptance and fulfillment of insurance or reinsurance contracts or insurance operations, including any related or supplementary acts and contracts, namely those relating to salvage, reconstruction of and repair to damaged immovable property and vehicles, maintenance of clinical services and application of technical provisions, reserves and capital, excluding insurance intermediary business, under the terms of the applicable legislation;

h) Insurance operations - means the management of pension funds and operations relating to capitalisation;”

Accordingly, insurance companies are restricted to the application of technical provisions, reserves and capital, for the purpose of hedging its risks, subject to the limits to the definition of the assets that guarantee the technical reserves, imposed by the insurance regulator (the Insurance Department of AMCM) from time to time by Notice (as determined in the Notice No. 004/2012-AMCM). On the other hand, while a manager of a pension fund a Macau insurance company may also invest in Transactions (as stated in Notices nos. 013/2001 and 014/2001-AMCM) strictly for the purpose of hedging its positions, without leverage.

Except where the context otherwise requires, references in this Schedule to "paragraph" are to paragraphs in the opinion letter (but not to its Annexes or Schedules) and references to "sections" are to sections of this Schedule.

1. MODIFICATIONS TO TERMS OF REFERENCE AND DEFINITIONS

Paragraph 1.10.1 is deemed deleted and replaced with the following:

"Insolvency Proceedings" means the procedures listed in paragraph 3.1, with the additions/ modification of Schedule C – Macau Insurance Companies;
"Only the liquidation and bankruptcy proceedings described in 3.1.1, 3.1.2 and 3.1.3 apply to Macau Insurance Companies or branches of Insurers, with the particularities of the statutory recovery procedures and liquidation described in the IO."

2. ADDITIONAL ASSUMPTIONS

We assume the following:

"2.10 That in entering into the Agreement the Counterparty respects the limits to the definition of the assets that guarantee the technical reserves, and that the Transactions are entered into solely for the purposes of hedging the management risks."

3. MODIFICATIONS TO OPINIONS

On the basis of the terms of reference and assumptions and subject to the qualifications (in each case set out in this opinion letter as modified, or added to, by this Schedule), we are of the following opinion.

Paragraph 3.1 is deleted and replaced by the following:

Insolvency Proceedings: Macau Insurance Companies

3.1 The only Insolvency Proceedings to which a Party which is a Macau Insurance Company could be subject under the laws of this jurisdiction, and which are relevant for the purposes of this opinion letter, are as follows:

"Liquidation and bankruptcy proceedings described in 3.1.1, 3.1.2 and 3.1.3 apply to Macau Insurance Companies or branches of Insurers, with the particularities of the statutory recovery procedures and liquidation described in the IO."

Intervention in the management by the regulatory entity (AMCM), as a bankruptcy prevention proceeding:

Where as a result of the application of the financial recovery plans pursuant to the provisions of Articles 67 and 71, or as a consequence of non-compliance with the same, the insurer fails repeatedly to present sufficient financial guarantees according to the terms of the Insurance Ordinance, the Chief Executive of Macau on advice from AMCM, may suspend the authorization of the Insurance Company to enter into any new contracts or to carry out new insurance operations, prohibit or restrict free disposal of the insurer's assets, prohibit the commercialisation of new products and nominate one or more delegates or an administrative committee.

The seriousness of the financial situation of an insurer may determine, as a sequence of the terms of intervention, the revocation of the authorisation to conduct the respective activity. The revocation of authorisation shall determine the liquidation of the insurer.

The appointment of one or more delegates or of the administrative committee shall
determine the suspension of all the measures against the insurer, including fiscal executions and those which relate to the collection of preferential or privileged credits. The Chief Executive of Macau shall define the powers, effects and the remuneration of the delegate or of the administrative committee and the period of intervention by Order published in the Official Gazette.

Winding-up and liquidation of Macau Insurance Companies

In case of winding up, the credits arising from insurance contracts or operations enjoy credit privilege over movable or immovable assets pertaining to the technical reserves and shall be graded in the first position.

Paragraph 3.1.1 shall be completed as follows:

“Procedure for extrajudicial liquidation

The liquidators shall be appointed by the Chief Executive of Macau or, in the absence of such appointment, the members of the Board of Directors will become the liquidators, empowered to conduct all acts necessary for the winding up, during the time fixed for the winding-up. The Chief Executive of Macau will also approve the final accounts and the report prepared by the liquidators (Section 116, IO).

The winding up of the branches of insurers with head office overseas, including the nomination of the respective liquidator, shall be communicated to AMCM within a period of 3 working days from the date of occurrence of any of the said events. This procedure shall apply solely to the operations relating to Macau and the assets pertaining to such operations, irrespective of their location.

The insurers in the process of winding up shall not undertake new insurance operations or effect new contracts, renew or extend the existing policies or increase the respective amounts.

We confirm that the events specified in the Insolvency Events of Default Clause adequately refer to all Insolvency Proceedings, without the need for any additions.

4. MODIFICATIONS TO QUALIFICATIONS

Furthermore, the qualifications at paragraph 4 are deemed modified as follows.

“4.1.1 Macau Insurance Companies only have the capacity to enter into Transactions for the purpose of hedging its risks, subject to the limits to the definition of the assets that guarantee the technical reserves, imposed by the Insurance Supervision Department of AMCM from time to time by Notice, and, while managers of a Macau pension fund also strictly for the purpose of hedging the fund’s assets and respective risks.”
SCHEDULE 4

Macau Partnerships

Subject to the modifications and additions set out in this Schedule 4 Macau Partnerships, the opinions, assumptions and qualifications set out in this opinion letter will also apply in respect of Parties which are Macau Partnerships. For the purposes of this Schedule 4 "Macau Partnerships" means a commercial enterprise in which the responsibility is non-limited and in which partners are before its creditors, fully and subsidiary responsible for the enterprise, and equally amongst them.

Except where the context otherwise requires, references in this Schedule to "paragraph" are to paragraphs in the opinion letter (but not to its Annexes or Schedules) and references to "sections" are to sections of this Schedule.

1. MODIFICATIONS TO TERMS OF REFERENCE AND DEFINITIONS

Paragraph 1.10.1 is deemed deleted and replaced with the following:

"Insolvency Proceedings" means the procedures listed in paragraph 3.1, with the following addition/modification:

"Only the liquidation and bankruptcy proceedings described in 3.1.1, 3.1.2 and 3.1.3 apply to Macau partnerships."

2. MODIFICATIONS TO OPINIONS

On the basis of the terms of reference and assumptions and subject to the qualifications (in each case set out in this opinion letter as modified, or added to, by this Schedule), we are of the following opinion.

Paragraph 3.1 is deleted and replaced with the following:

Insolvency Proceedings: Macau Partnerships

3.1 The only Insolvency Proceedings to which a Party which is a Macau Partnership could be subject under the laws of this jurisdiction, and which are relevant for the purposes of this opinion letter, are as follows:

"Only the liquidation and bankruptcy proceedings described in 3.1.1, 3.1.2 and 3.1.3 apply to Macau partnerships.

We confirm that the events specified in the Insolvency Events of Default Clause adequately refer to all Insolvency Proceedings, without the need for any additions.

3. ADDITIONAL QUALIFICATIONS

The opinions in this opinion letter are subject to the following additional qualifications.
4.1.10 Personal and real estate guarantees

Pursuant to Section 177/3 ComC it is forbidden to the companies to give personal or real estate guarantees to third parties debts, unless there is a company’s self-interest expressed in a reasoned declaration by the Board of Directors in written form.

4. MODIFICATIONS TO QUALIFICATIONS

Furthermore, the qualifications at paragraph 4.1.1 are deemed modified as follows:

4.1.1 Capacity of Macau corporate entities (including Macau Partnerships) to enter into Transactions, results from the principle of speciality that governs corporate legal entities’ capacity. According to this principle, legal entities do not have the legal capacity to enter into any type of contracts and to exercise legal acts generally without regard to the subject of such contracts or acts. Instead, legal entities’ capacity normally comprises the rights and obligations required, useful or convenient to the pursuance of its business purpose, except for those excluded under statute or that derive from the specific nature of an entity.

Accordingly, the capacity of private corporate legal entities shall be assessed from their respective articles of association (“AA”), which may be obtained from the Macau Companies Registry with an updated Certificate of Registration. The AA will also determine the internal form of approval of administration acts and the binding arrangements, also reflected in the Certificate of Registration.

It can be said that, normally, when Transactions are entered into by the Macau legal entities for hedging purposes, the transaction would be within their legal capacity and deemed a normal management act. Instead, when Transactions are entered into for pure speculative purposes they will not be deemed to be in the interest of the entity or covered within the normal management acts of the administration. Normally Transactions should be justified based upon hedging purposes and, to safeguard such justification, approved by one director. All partners are directors and all have, if no contrary clause is in the AA, equal and independent powers. The director (any of them) can bind the partnership with its signature, and other directors can oppose to the decisions of others, and the majority of directors decides on this opposition (Section 346, ComC).

Furthermore, these partnerships are dissolved if the number of partners comes down to one, within 3 months from this reduction (Section 347, no.1, ComC).
SCHEDULE 5

Macau Individuals

Subject to the modifications and additions set out in this Schedule 5 – Macau Individuals, the opinions, assumptions and qualifications set out in this opinion letter will also apply in respect of Parties which are Macau Individuals. For the purposes of this Schedule 5, "Individuals" means "natural persons over 18 years of age, which are Macau permanent residents and exercising their activity in Macau as individual entrepreneurs."

The capacity of the individual entrepreneur is regulated by the terms of the CC and the responsibility for the debts of the commercial entrepreneur is set in the Macau Commercial Code.

Except where the context otherwise requires, references in this Schedule to "paragraph" are to Paragraphs in the opinion letter (but not to its Annexes or Schedules) and references to "sections" are to sections of this Schedule.

1. MODIFICATIONS TO TERMS OF REFERENCE AND DEFINITIONS

Paragraph 1.10.1 is deemed deleted and replaced with the following:

""Bankruptcy Proceedings" means the procedures listed in paragraph 3.1.3."

2. MODIFICATIONS TO OPINIONS

On the basis of the terms of reference and assumptions and subject to the qualifications (in each case set out in this opinion letter as modified, or added to, by this Schedule), we are of the following opinion.

Paragraph 3.1 is deleted and replaced with the following:

Insolvency Proceedings: Macau Individuals

3.1 The only Insolvency Proceedings to which a Party which is a Macau Individual could be subject under the laws of this jurisdiction, and which are relevant for the purposes of this opinion letter, are as follows:

"3.1.3 Bankruptcy (Section 1043 ss., CPC):

The process may be initiated by petition filed within 2 years from the verification of any of the causes of bankruptcy, by any of following:

(a) any creditor, independently of the nature of its credit and priority – the creditors can only file the petition for bankruptcy based on the incapability of the debtor to satisfy its obligations after the 15 days deadline for the debtor to voluntarily present itself to the competent court and request for a creditors' assembly;

(b) the Macau Public Prosecutor, within its official powers;"
(c) the debtor (individual entrepreneur or corporate entity), after 15 days from the date it failed to satisfy its obligations without filing the application for the assembly of its creditors.

The petition requirements will vary depending on the petitioner/applicant (Section 1085 of the CPC) and the grounds may be one of the following:

(a) Non-payment of one or more debts that, because of its amount or circumstances, demonstrates the incapability of the debtor to punctually satisfy its obligations;

(b) Run-off by the individual entrepreneur or, in the case of a corporate entity, its directors and/or other representatives, due to its indebtedness and without appointment of a substitutive representative;

(c) Desertion of the registered office or directorship's office;

(d) Dissipation/disposal or deviation of assets, simulation of credits or any other abusive procedure revealing the intention of the debtor to dissipate its patrimony and/or become bankrupt.

As relevant, the submission of a petition for Bankruptcy proceedings by a Creditor (the law does not distinguish between local and foreign creditors for this purpose) shall be justified on the relevant prerequisites and shall describe the origin, nature and amount of the credit, as well as the need (if any) to obtain the Bankruptcy Ruling without the prior hearing of the debtor, by providing all the existing evidence and applying for any additional evidence it may require.

The hearing will take place within 10 days following the petition (if the petition was submitted by the debtor or if it was required and justified not to hear the debtor in advance), or within 10 days of the debtor's reply in the other cases. If sufficient proof of the indebtedness is made, the Bankruptcy Ruling will be granted in writing with the minutes of the hearing, or, if Mr. Justice considers the situation to be complex, it may be given separately in writing within 10 days.

The Bankruptcy Ruling shall necessarily determine (i) the seizure of all books, accounts and assets of the bankrupt, even if previously seized, pledged or by other means kept by a third party; (ii) the new official address of the bankrupt, (iii) the appointment of a Liquidator (the "Liquidator") to take over the management and conservation of the bankrupt's documents, assets and others (unless appointed before) and (iv) the deadline for the submission of any claims against the bankrupt's assets. The Bankruptcy Ruling will also cause (v) immediate maturity of all the bankrupt's debts; (vi) ending of the accrual of interests over the bankrupt's debts; (vii) the conversion into Macau local currency (Pataca – for reference presently HKD$1 = MOP$1.032) of the amount of any debts in foreign currency, at the official exchange rate of the Bankruptcy Ruling date.

Upon the Bankruptcy Ruling, creditors may claim their credits against the bankrupt by submitting evidence of debt to the Macau Court, specifying the
nature, amount and source of the credit and any existing guarantees (Section 1140, CPC). The deadline established for submission of the petitions will be the one set in the Bankruptcy Ruling, which is published in the Macau Official Gazette, and it will start on the date of such publication.

The current preferential credits/creditors under Macau law are described and graduated under the following order of privilege (Section 739, CC, ex vi 1152, CPC):

(a) Court Expenses in the interest of creditors for the recovery, conservation or liquidation of certain assets - special priority over all others to be paid from the assets subject to recovery, conservation or liquidation (Sections 733 and 738, CC).

(b) Macau Government taxes;

(c) Civil liability credits (over the respective insurance payment, if any);

(d) Intellectual property rights (over the covered assets);

(e) Credits with general indistinct privilege, by the following order:

   i. Personal medical expenses or expenses with dependent relatives for the past 6 months (individual’s insolvency);

   ii. Primary own expenses or expenses with dependent relatives for the past 6 months (upon individuals’ insolvency);

   iii. Employee’s credits for their salaries for the past 6 months.

The credits equally privileged shall rank pari passu amongst themselves and be paid on a pro rata basis. Credits with general indistinct privilege shall not preclude third parties’ enforceable rights over the assets covered by the privilege.

Other than as above mentioned, the credits under a Transaction would generally rank at least pari passu with all other unsecured creditors, without prejudice to the Title Transfer enforceability opinion set out in paragraph 3.7 of the opinion letter.

The credits under a Transaction, in bankruptcy proceedings, will be subject to be paid with the remainder of the assets (after all privileged credits are paid), on a pro rata basis.

Preventive Proceedings (within bankruptcy - to avoid declaration of bankruptcy)

3.1.3.1 Judicial composition between creditors proposed by the bankrupt to reduce or modify the total or part of the debtor’s obligations, which modification may be limited to a simple moratorium (“Concordata” - Section 1055, ss. CPC):
3.1.3.2 Creditors’ Agreement for the incorporation of a limited liability company incorporated by quotas (“Limitada”) to continue the bankrupt’s activity, which quotas are represented by the value of the credits after deduction of the debts of the creditors not subscribing the agreement; the company keep the bankrupt’s assets in what exceeds the payment of privileged credits (Section 1075, ss. CPC);

In the case of individual entrepreneurs, there are the following particulars in bankruptcy proceedings:

If a commercial entrepreneur is married in a regime of common property of assets, the common assets in the first place, and then the own assets of each of the spouses, shall be liable for any obligations resulting from the exercise of his enterprise that surpass the goods allocated to its use.

The commercial debts of a commercial entrepreneur are presumed to be contracted in the exercise of his enterprise. The assets that compose the enterprise of an individual commercial entrepreneur and, in their lack or insufficiency, his private assets, are liable for such entrepreneur’s debts, contracted in the exercise of his enterprise. Before the liquidation of a commercial enterprise, a private creditor can only execute the assets used in the commercial enterprise in case of lack or insufficiency of other assets of the entrepreneur.

We confirm that the events specified in the Insolvency Events of Default Clause adequately refer to all Insolvency Proceedings, without the need for any additions.

3. ADDITIONAL QUALIFICATIONS

The opinions in this opinion letter are subject to the following additional qualifications.

4.1.1 For married individual entrepreneurs, whose marital regime is that of common property of assets the spouse must also execute any and all transaction documents which imply the transfer, other form of disposition or charge of assets. If the regime is of separate property of assets, the spouse’s signature is not required.”
SCHEDULE 6

Macau Investment Funds

Subject to the modifications and additions set out in this Schedule 6 – Macau Investment Funds, the opinions, assumptions and qualifications set out in this opinion letter will also apply in respect of Parties which are Macau Investment Funds. For the purposes of this Schedule 6, "Macau Investment Funds" means "autonomous collection of assets comprising a portfolio diversified according to a principle for spreading risks, and generated by the investment of capital obtained from the public, with their purchase of participation units representing the value of that collection of assets."

Investment funds constituted/domiciled in Macau are subject to restrictions and limitations of the IMIF. The management of investment funds shall comply with the conditions and prudential limits referred to in IMIF, namely in what respects to the nature of assets that can be included in their portfolio, the forbidden acquisitions and the prudential limits in their management.

Pursuant to Section 30, IMIF, the management of investment funds must be prudent, subordinated to criteria of great professional diligence and capacity and carried out in the best interest of participants. It further states that the managing entities of investment funds can use financial instruments to hedge the risk, namely futures and options, with the purpose of the adequate administration of the portfolios. Accordingly, entering into Transactions shall respect such limits and restrictions and be subordinated to the hedging of risks.

The fund manager shall ensure that the safekeeping of the fund abroad is committed to suitable entities, duly authorised and submitted to supervision of competent authorities. The same custodian shall keep the assets of a same fund localised abroad in a certain financial market place.

Except where the context otherwise requires, references in this Schedule to "paragraph" are to paragraphs in the opinion letter (but not to its Annexes or Schedules) and references to "sections" are to sections of this Schedule.

1. MODIFICATIONS TO TERMS OF REFERENCE AND DEFINITIONS

Paragraph 1.10.1 is deemed deleted and replaced with the following:

"Insolvency Proceedings" means the procedures listed in paragraph 3.1.1, with the additions/modifications in Schedule 6 – Macau Investment Funds"

2. MODIFICATIONS TO OPINIONS

On the basis of the terms of reference and assumptions and subject to the qualifications (in each case set out in this opinion letter as modified, or added to, by this Schedule), we are of the following opinion.

Paragraph 3.1 is deleted and replaced with the following:

Insolvency Proceedings: Macau Investment Funds

[489.14.4340.F]

- 35 -
3.1 The only Insolvency Proceedings to which a Party which is a Macau Investment Fund could be subject under the laws of this jurisdiction, and which are relevant for the purposes of this opinion letter, are as follows (Sections 16 – 18, IMIF):

"Voluntary Liquidation"

Participants in open-end funds cannot demand their liquidation or distribution. Participants in closed-end funds can demand their liquidation so long as:

a) Provision has been made for this eventuality in the management regulations;

b) The management regulations make provision for listing the respective participation units on a stock exchange and this has not occurred within 12 months counted from the constitution of the fund;

c) After listing on a stock exchange, the participation units have been removed and are not returned for listing within a period of 6 months.

"Compulsory liquidation"

AMCM may order the compulsory liquidation of a fund when:

a) There is repeated violation of the management regulations or the failure to observe, over long periods of time, the prudential limits and values established in present law;

b) Operations in violation of article 12 have been executed;

c) The value of the participation units is less than 50% of the initial issuing value when the fund was constituted;

d) Any other situation occurs that can affect seriously the participant's interest.

Notification of the decision of compulsory liquidation shall imply the immediate suspension of subscriptions and redemption, and the commencement of liquidation procedures.

Liquidation proceedings:

1. The liquidation of investment funds shall follow the terms referred to in the management regulations, and should be conducted by the respective fund manager, or in case of its impeachment, by a person expressly appointed for this purpose by AMCM.

2. The notice of liquidation is compulsory published, with a previous minimum period of 60 days since its beginning, in the Official Gazette and in two newspapers with major circulation in the Territory, being one in each of the official languages.

3. AMCM, after hearing the liquidator and the depository, sets a period for the conclusion of liquidation proceedings.
4. Following expiry of the deadline referred to in the preceding paragraph, the liquidator must submit the liquidation accounts to AMCM for its approval.

We confirm that the events specified in the Insolvency Events of Default Clause adequately refer to all Insolvency Proceedings, without the need for any additions.

3. ADDITIONAL QUALIFICATIONS

The opinions in this opinion letter are subject to the following additional qualifications.

"4.1.11 Depository’s Bankruptcy"

If the depository of the Investment Fund becomes bankrupt, the securities deposited cannot be included in their proceeds and all securities must be separated and submitted to AMCM which, after checking them and consulting the fund manager, shall submit them to another reliable depository."

"4.1.12 Counterparty’s respect of limits imposed by AMCM"

This opinion is subject to the Counterparty which is a Macau Investment Fund respecting the limits imposed upon it by AMCM from time to time and that the Transactions are entered into solely for the purposes of reducing investment risk and for efficient portfolio management.”

4. MODIFICATIONS TO QUALIFICATIONS

Furthermore, the qualifications at paragraph 4 are deemed modified as follows.

4.1.1 Macau Investment Funds have the capacity to enter into Transactions for the purpose of efficient portfolio management. It is recommended that the entering into the Agreement and Transactions under it be approved by resolution of the board of directors of the management company, declaring that it is for the purpose of reducing investment risk and for efficient portfolio management, namely to replicate, without leverage, the underlying assets”. 
SCHEDULE 7

Macau public entities

Subject to the modifications and additions set out in this Schedule 7 – Macau public entities with financial autonomy, the opinions, assumptions and qualifications set out in this opinion letter will also apply in respect of Parties which are Macau public entities with financial autonomy. For the purposes of this Schedule 7 "Macau public entities with financial authority" means "a few Macau public entities that have legal capacity, financial and administrative autonomy, and which pursuance of the respective activity and management is subject to compliance with their statutes, own annual investment plans and budget and the Public Financial Administration Regulation (PFAR)."

Macau public entities with financial autonomy are subject to a strict legality principle and to the supervision by the Chief Executive of Macau. As examples of some of these entities that have from time to time entered into derivatives transactions, we would mention the Monetary Authority of Macau (AMCM). AMCM is a Macau public legal entity with administrative, financial and patrimonial autonomy, its nature being a public institution, created by Decrease-Law No. 39/89/M dated 12th June, and governed by its statutes, as approved under the AMCM Statutes.

Except where the context otherwise requires, references in this Schedule to "paragraph" are to paragraphs in the opinion letter (but not to its Annexes or Schedules) and references to "sections" are to sections of this Schedule.

1. MODIFICATIONS TO TERMS OF REFERENCE AND DEFINITIONS

Paragraph 1.10.1 is deleted.

2. ADDITIONAL ASSUMPTIONS

We assume the following:

"2.11 That in entering into the Agreement the Counterparty respects the limits imposed upon it by its own statutes and annual plans, as well as the PFAR, and that the Transactions are entered into solely for the purposes of efficient management and hedging of its liabilities."

3. MODIFICATIONS TO OPINIONS

On the basis of the terms of reference and assumptions and subject to the qualifications (in each case set out in this opinion letter as modified, or added to, by this Schedule), we are of the following opinion:

"Macau sovereign and public entities are not subject to standard bankruptcy/insolvency/liquidation rules. Their liabilities shall be covered by their own patrimony, firstly, and secondly by the official annual budget."

4. MODIFICATIONS TO QUALIFICATIONS
Furthermore, the qualifications at paragraph 4 are deemed modified as follows.

"4.1.1 Public Entities

The capacity of public entities to enter into Transactions is subject to the Public Financial Administration Regulation, the Administrative Procedures Code, public administration principles and remaining regulations. It is limited by the specialty principle under strict legality terms and subject to the respective supervising entities. In relation to Macau public entities there should be a relevant and clear material relation between the investment to be entered into and the public entity's legal purposes.

The purposes of the entity can be verified from its statutes, approved by law or dispatch of the governmental body creating the public entity at matter and published in Macau Official Gazette. In general, for Macau public entities to enter into Transactions (in exceptional situations duly justified) they require the prior authorization of the respective supervising entity(ies), which may be generically contained in their annual budget for the respective year or which may be attained on ad hoc basis, specifically supporting the grounds of their respective interest in such Transactions.

The authority to authorize expenses on account of the financial budget private of the public entities with financial autonomy lies with the respective Board of Directors, which authority will be limited to MOP 250,000.00 (two hundred and fifty thousand Patacas) for services to be contracted without the formalities of public tender (Section 56, PFAR). Furthermore, the approval of expenses that cover over one year has to be approved by the Macau Chief Executive and subject to favorable opinion of the Macau Financial Bureau.

Public entities must allocate the values recorded in each category of its financial budget according to the official annual budget and should not undertake any obligations in excess of the authorized amounts (Section 7, PFAR) and record the details of all agreements entered into and the amounts payable under each agreement and changes (Section 14, PFAR) – no payments may be made by them without previous registration of the details of the obligations undertaken.

"4.1.2 Public entities with financial autonomy are not subject to Macau bankruptcy/insolvency/liquidation laws, given that they are governmental bodies, and therefore, as a matter of Macau law, do not have a limited share capital upon which their liability could be limited. As financially autonomous their assets are the ones to firstly respond for their debts. Nonetheless, their financial undertakings and liability are also further guaranteed by the Macau SAR Government.

There are no provisions under Macau laws and regulations establishing the possibility of wind up of AMCM if unable to pay its debts. The Macau regime is preventive and in case of financial difficulties the Macau Government will take action in advance, to prevent any "insolvency" situation of AMCM and other public entities. In the specific case of AMCM’s, as the pillar of the financial system its stability is absolutely essential to Macau, thus the likelihood of getting into an "insolvency"
situation is virtually non-existent."
SCHEDULE 8

Macau Foundations

The opinions, assumptions and qualifications set out in this opinion letter will not apply in respect of Parties which are Macau Foundations.

For the purposes of this Schedule 8, "Macau Foundation" means "legal entities based on assets, with goals of social interest" (Section 173, CC).

Macau Foundations are established by a unilateral act of the founder, which affects to a determined social goal a certain amount/quality of assets, being that a competent entity has to recognize the social interest of the foundation. The goals it undertakes are intended to be socially useful, so the foundations are bound to these specific goals, according to their act of incorporation and to their articles of association.

The articles of association (AA) of the foundation will designate the corporate bodies, amongst which there must be a corporate body of administration and a supervisory council. The "body of administration" manages and represents the foundation, thus makes decisions on behalf of the foundation. Unless the AA stipulate otherwise, there has to be a majority within the present and in case of draw, the president has a qualified vote.

It is important to note that dissolution of the foundation can be made on grounds that its real/actual goal is different from the goal intended in the act of incorporation.

Except where the context otherwise requires, references in this Schedule to "paragraph" are to paragraphs in the opinion letter (but not to its Annexes or Schedules) and references to "sections" are to sections of this Schedule.

1. MODIFICATIONS TO TERMS OF REFERENCE AND DEFINITIONS

Paragraph 1.1.0.1 is deemed deleted and replaced with the following:

"Insolvency Proceedings" means the procedures listed in section 3.1 of Schedule 8 – Macau Foundations, with the following addition/modification:

"Only the bankruptcy and insolvency proceedings described in 3.1.3.1 and 3.1.4 apply to Macau foundations."

2. ADDITIONAL ASSUMPTIONS

We assume the following:

"2.12 That the entering into the Agreement the Transactions are strictly for the purposes of hedging the assets of the foundation in view of better pursuing its goals."

3. MODIFICATIONS TO OPINIONS

On the basis of the terms of reference and assumptions and subject to the qualifications (in each case set out in this opinion letter as modified, or added to, by
this Schedule), we are of the following opinion.

Paragraph 3.1 is deleted and replaced with the following:

**Insolvency Proceedings: Macau Foundation**

3.1 The only Insolvency Proceedings to which a Party which is a Macau Foundation could be subject under the laws of this jurisdiction, and which are relevant for the purposes of this opinion letter, are as follows:

"Bankruptcy and insolvency proceedings as described in 3.1.3.1 and 3.1.4 apply to Macau foundations.

We confirm that the events specified in the Insolvency Events of Default Clause adequately refer to all Insolvency Proceedings, without the need for any additions.

4. **ADDITIONAL OPINIONS**

The Foundation which is in a situation where the value of its assets falls lower than its liabilities (Section 1185, no. 1, CPC) can be declared insolvent.

- Insolvency is presumed when two executive actions or judicial apprehension of assets ("Arresto") have occurred;

- It can also be the initiative of the foundation to present itself to insolvency (articles 1186 and 1188, CPC);

- It is possible to have a concordata (article 1194), which consists in a reduction or modification of the global or part of the debtor’s debts;

- The general applicable laws on bankruptcy stated in 3.1.3 apply, except in the part related to commercial enterprise.

5. **MODIFICATIONS TO QUALIFICATIONS**

Furthermore, the qualifications at paragraph 4.1.1 are deemed modified as follows:

"4.1.1 Macau Foundations

Macau Foundations are intended to be socially useful, thus the foundations are bound by these specific goals, according to their act of incorporation and to their articles of association. In the former, it has to be specified not only the goal of the foundation but also the assets which are destined to the pursuance of the goals of the foundation."
SCHEDULE 9

Macau Pension Funds

Subject to the modifications and additions set out in this Schedule 9 – Macau Pension Funds, the opinions, assumptions and qualifications set out in this opinion letter will also apply in respect of Parties which are Macau Pension Funds. For the purposes of this Schedule 9 – "Macau Pension Funds" means "autonomous assets solely for the purpose of financing one or more pension plans" (Section 3, Private Pension Funds Act).

Private Pension Funds have the capacity to enter into Transactions, subject to certain limitations, further identified. A resolution approving the Transactions and stating that it is for hedging purposes is recommended, namely because there are specific guidelines from AMCM determining that Funds should only enter into Transactions "for the purpose of reducing investment risk and for efficient portfolio management, namely to replicate, without leverage, the underlying assets" – Notice no. 16/2011-AMCM (A.6). Private pension funds shall be managed by insurers authorized to transact life insurance in Macau, or by companies set up specifically to manage pension funds (Section 5, no. 1, The Private Pension Funds Act). Pursuant to Section 5, no. 2, of the Private Pension Funds Act, the constitution, establishment and operation of pension funds managers is regulated by the provisions of the Insurance Ordinance.

Except where the context otherwise requires, references in this Schedule to "paragraph" are to paragraphs in the opinion letter (but not to its Annexes or Schedules) and references to "sections" are to sections of this Schedule.

1. MODIFICATIONS TO TERMS OF REFERENCE AND DEFINITIONS

Paragraph 1.10.1 is deemed deleted and replaced with the following:

""Insolvency Proceedings" means the procedures listed in paragraph 3.1.1, with the additions/modifications of Schedule 9 – Macau Private Pension Funds".

"Only the proceedings described in 3.1.1 apply to Macau Private Pension Funds, with the specificities of the Private Pension Funds Act."

2. ADDITIONAL ASSUMPTIONS

We assume the following:

"2.13 That in entering the Agreement the Counterparty which is a Macau Private Pension Fund respects the limits imposed upon it by AMCM from time to time and that the Transactions are entered into solely for the purposes of reducing investment risk and for efficient portfolio management."

3. MODIFICATIONS TO OPINIONS

On the basis of the terms of reference and assumptions and subject to the qualifications (in each case set out in this opinion letter as modified, or added to, by this Schedule), we are of the following opinion.
Paragraph 3.1 is deleted and replaced with the following:

**Insolvency Proceedings: Macau Private Pension Funds**

3.1 The only Insolvency Proceedings to which a Party which is a Macau Private Pension Fund could be subject under the laws of this jurisdiction, and which is relevant for the purposes of this opinion letter, is as follows:

"Extra-judicial liquidation as described in 3.1.1, subject to the following statutory proceedings:

Pursuant to Section 27 of the Private Pension Funds Act, if the associates fail to pay the contributions to which they have committed themselves, the management company shall take the initiative to request the associates to set right the situation. However, if the situation is not set right and if, within a period of one year, an adequate plan to rectify the situation is not submitted to AMCM, winding up procedure of the fund shall follow.

The progress of the plan shall be monitored by the management company, which is obliged to send to AMCM a half-yearly report on the respective development. In case of noncompliance with the said rectification plan, immediate winding up of the fund shall follow.

In case the current pecuniary payments are not being duly financed, the management company shall propose to the AMCM the winding up of the fund if the associate does not deposit the necessary contributions within a maximum period of 180 days from the date of verification of the said situation.

In addition to the cases mentioned in the preceding paragraphs, pension funds shall also be wound up if there are no participants or beneficiaries or when the respective object of the fund, for whatever reason, becomes redundant. The winding up of a pension fund shall be carried out by means of a winding-up agreement between the associates and the management company, after obtaining the necessary prior approval from AMCM, and such agreement shall be subject to publication in the Official Gazette.

In case of disagreement between the associates and the management company regarding the terms for the winding up of the fund, or in case there is any opposition to the said terms from any of the interested parties, the liquidation of the fund shall be carried out by AMCM. In this case, the provisions regulating the liquidation of insurance companies shall be applicable with necessary adaptations.

Upon liquidation of a pension fund, the respective fund assets shall be used, up to their financial limits, to settle the following preferential credits, by order, having recourse to proportional distribution where deemed necessary:

a) Payments still outstanding as per the contracts or orders for the acquisition of assets for the fund;
b) Pecuniary payments due to the beneficiaries of the fund;

c) Other expenses related to the fund as per the respective management contract;

d) Amounts of individual account of each participant, in case of open pension funds, which shall be applied according to the rules set out in the management regulation;

e) Amount of acquired rights of the participants existing on the date of winding up.

The final net positive balance, if any, ascertained during the liquidation process set out above shall be used as agreed upon jointly by the management companies and associates after obtaining prior approval from AMCM.

The unilateral revocation of the deed of constitution by the management company shall only be admissible in exceptional cases, namely when the pension plan is not being financed in accordance with established rules and where there is documentary proof that it is impossible to obtain the agreement of the associates. This unilateral revocation shall be subject to publication in the Official Gazette.

The terms of liquidation of a pension fund, under the charge of the respective management company, shall have to be defined in the liquidation agreement or in the unilateral revocation mentioned above."

We confirm that the events specified in the Insolvency Events of Default Clause adequately refer to all Insolvency Proceedings, without the need for any additions.

4. MODIFICATIONS TO QUALIFICATIONS

Furthermore, the qualifications at paragraph 4 are deemed modified as follows.

"4.1.1 Macau Private Pension Funds

Macau Private Pension Funds have the capacity to enter into Transactions, subject to certain limitations. It is recommended that the entering into the Agreement and Transactions under it be approved by resolution of the board of directors of the management company, declaring that it is for the purpose of reducing investment risk and for efficient portfolio management, namely to replicate, without leverage, the underlying assets".

   a) "Liquidation date: Subject to the following sub-clause, at any time following the occurrence of an Event of Default in relation to a party, then the other party (the "Non-Defaulting Party") may, by notice to the party in default (the "Defaulting Party"), specify a date (the "Liquidation Date") for the termination and liquidation of Netting Transactions in accordance with this clause.

   b) Calculation of Liquidation Amount: Upon the occurrence of a Liquidation Date:
      i. (neither party shall be obliged to make any further payments or deliveries under any Netting Transactions which would, but for this clause, have fallen due for performance on or after the Liquidation Date and such obligations shall be satisfied by settlement (whether by payment, set-off or otherwise) of the Liquid Amount;

      ii. the Non-Defaulting Party shall as soon as reasonably practicable determine (discounting if appropriate), in respect of each Netting Transaction referred to in paragraph (a), the total cost, loss or, as the case may be, gain, in each case expressed in the Base Currency specified by the Non-Defaulting Party as such in the Individually Agreed Terms Schedule as a result of the termination, pursuant to this Agreement, of each payment or delivery which would otherwise have been required to be made under such Netting Transaction; and

      iii. the Non-Defaulting Party shall treat each such cost or loss to it as a positive amount and each such gain by it as a negative amount and aggregate all such amounts to produce a single, net positive or negative amount, denominated in the Non-Defaulting Party's Base Currency (the "Liquidation Amount").

   c) Payer: If the Liquidation Amount is a positive amount, the Defaulting Party shall pay it to the Non-Defaulting Party and if it is a negative amount, the Non-Defaulting Party shall pay it to the Defaulting Party. The Non-Defaulting Party shall notify the Defaulting Party of the Liquidation Amount, and by which Party it is payable, immediately after the calculation of such amount."

2. General Set-Off Clause:

   "Set-off: Without prejudice to any other rights to which we may be entitled, we may
at any time and without notice to you set off any amount (whether actual or contingent, present or future) owed by you to us against any amount (whether actual or contingent, present or future) owed by us to you. For these purposes, we may ascribe a commercially reasonable value to any amount which is contingent or which for any other reason is unascertained."

3. **Margin Cash Set-Off Clause:**

"Set-off upon default or termination: If there is an Event of Default or this Agreement terminates, we may set off the balance of cash margin owed by us to you against your Obligations (as reasonably valued by us) as they become due and payable to us and we shall be obliged to pay to you (or entitled to claim from you, as appropriate) only the net balance after all Obligations have been taken into account. [The net amount, if any, payable between us following such set-off, shall take into account the Liquidation Amount payable under the Netting Module of this Agreement]."

4. **Insolvency Events of Default Clause:**

"The following shall constitute Events of Default:

i. a party commences a voluntary case or other procedure seeking or proposing liquidation, reorganisation, moratorium, or other similar relief with respect to itself or to its debts under any bankruptcy, insolvency, regulatory, or similar law or seeking the appointment of a trustee, receiver, liquidator, conservator, administrator, custodian, examiner or other similar official (each a "Custodian") of it or any substantial part of its assets, or takes any corporate action to authorise any of the foregoing;

5. **Title Transfer Provisions:**

a) **Default:** If a Liquidation Date is specified or deemed to occur as a result of an Event of Default, the Default Margin Amount as at that date will be deemed to be [a gain (if we are the Non-Defaulting Party) or a cost (if you are the Non-Defaulting Party)] [a gain by us] for the purposes of calculating the Liquidation Amount. For this purpose, "Default Margin Amount" means the amount, calculated in the Base Currency of the aggregate value as at the relevant Liquidation Date (as determined by us) of the Transferred Margin.

b) **Clean title:** Each party agrees that all right, title and interest in and to any Acceptable Margin, Equivalent Margin, Equivalent Dividends or Interest which it Transfers to the other party shall vest in the recipient free and clear of
any security interest, lien, claims, charges, encumbrance or other restriction. Notwithstanding the use of terms such as "Margin" which are used to reflect terminology used in the market for such transactions, nothing in these provisions is intended to create or does create in favour of either party a mortgage, charge, lien, pledge, encumbrance or other security interest in any Acceptable Margin, Equivalent Margin, Equivalent Dividends or Interest Transferred hereunder."

d) Definitions

"Aggregate Transaction Value" means, in respect of the termination of Client Transactions of a Cleared Transaction Set, an amount (which may be positive or negative or zero) equal to the aggregate of the [Firm/CM]/CCP Transaction Values for all Client Transactions in the relevant Cleared Transaction Set or, if there is just one [Firm/CM]/CCP Transaction Value in respect of all such Client Transactions, an amount (which may be positive or negative or zero) equal to such [Firm/CM]/CCP Transaction Value.

"[Firm/CM]/CCP Transaction Value" means, in respect of a terminated Client Transaction or a group of terminated Client Transactions, an amount equal to the value that is determined in respect of or otherwise ascribed to the related [Firm/CM]/CCP Transaction or group of related [Firm/CM]/CCP Transactions in accordance with the relevant Rule Set following a [Firm/CM] Trigger Event or CCP Default (to the extent such Rule Set contemplates such a value in the relevant circumstance). If the value determined in respect of or otherwise ascribed to the related [Firm/CM]/CCP Transaction(s) under the relevant Rule Set reflects a positive value for [Firm/Clearing Member] vis-à-vis the Agreed CCP, the value determined in respect of such terminated Client Transaction(s) will reflect a positive value for Client vis-à-vis [Firm/Clearing Member] (and will constitute a positive amount for any determination under this [Module/Addendum]) and, if the value determined in respect of the related terminated [Firm/CCP]/CCP Transaction(s), under the relevant Rule Set reflects a positive value for the relevant Agreed CCP vis-à-vis [Firm/Clearing Member], the value determined in respect of [or otherwise ascribed to] such terminated Client Transaction(s) will reflect a positive value for [Firm/Clearing Member] vis-à-vis Client (and will constitute a negative amount for any determination under this [Module/Addendum]). The value determined in respect of or otherwise ascribed to the related [Firm/CM]/CCP
Transaction(s) under the relevant Rule Set may be equal to zero.

"Relevant Collateral Value" means, in respect of the termination of Client Transactions in a Cleared Transaction Set, the value (without applying any "haircut" but otherwise as determined in accordance with the [Agreement/Collateral Agreement]) of all collateral that:

(a) is attributable to such Client Transactions;

(b) has been transferred by one party to the other in accordance with the [Agreement/Collateral Agreement or pursuant to Section 10(b)] and has not been returned at the time of such termination or otherwise applied or reduced in accordance with the terms of the [Agreement/relevant Collateral Agreement]; and

(c) is not beneficially owned by, or subject to any encumbrances or any other interest of, the transferring party or of any third person.

The Relevant Collateral Value will constitute a positive amount if the relevant collateral has been transferred by Client to [Firm/Clearing Member] and it or equivalent collateral has not been returned at the time of termination or otherwise applied or reduced in accordance with the terms of the [Agreement/Collateral Agreement] and a negative amount if the relevant collateral has been transferred by [Firm/Clearing Member] to Client and it or equivalent collateral has not been returned at the time of termination or otherwise applied or reduced in accordance with the terms of the [Agreement/Collateral Agreement].

7. Clearing Module Set-Off Provision

Firm may at any time and without notice to Client, set-off any Available Termination Amount against any amount (whether actual or contingent, present or future) owed by Firm to Client under the Clearing Agreement or otherwise. For these purposes, Firm may ascribe a commercially reasonable value to any amount which is contingent or which for any other reason is unascertained.

This Clause shall apply to the exclusion of all Disapplied Set-off Provisions in so far as they relate to Client Transactions; provided that, nothing in this Clause shall prejudice or affect such Disapplied Set-off Provisions in so far as they relate to transactions other than Client Transactions under the Agreement.

8. Addendum Set-Off Provision

(i) Any Available Termination Amount will, at the option of (A) Client, in the case of an Available Termination Amount due in respect of a CM Trigger Event and without prior notice to Clearing Member, be reduced by its set-off against any other termination amount payable by Clearing Member to Client under the Clearing Agreement at such time ("CM Other Amounts"), or (B) either party, in the case of an Available Termination Amount due in respect of
a CCP Default, and without prior notice to the other party, be reduced by its set-off against any other termination amount payable by or to X (where "X" means, in the case of Section 8(i)(A), Client or, in the case of Section 8(i)(B), the party electing to set off) under the Clearing Agreement at such time ("EP Other Amounts" and together with CM Other Amounts, "Other Amounts"), provided that in the case of Section 8(i)(A) or Section 8(i)(B), at the time at which X elects to set off, where Clearing Member is X, a CM Trigger Event has not occurred and is not continuing or, where Client is X, an event of default, termination event or other similar event, howsoever described, in respect of Client in the Agreement, has not occurred and is not continuing. To the extent that any Other Amounts are so set off, those Other Amounts will be discharged promptly and in all respects. X will give notice to the other party promptly after effecting any set-off under Section 8(i)(A) or Section 8(i)(B).

(ii) For the purposes of this Section 8(ii):

(A) all or part of the Available Termination Amount or the Other Amounts (or the relevant portion of such amounts) may be converted by X into the currency in which the other amount is denominated at the rate of exchange at which such party would be able, in good faith and using commercially reasonable procedures, to purchase the relevant amount of such currency;

(B) if any Other Amounts are unascertained, X may in good faith estimate such Other Amounts and set off in respect of the estimate, subject to the relevant party accounting to the other when such Other Amounts are ascertained; and

(C) a "termination amount" may, for the avoidance of doubt, be another Cleared Set Termination Amount or another termination amount due under the Agreement including, in either case, any such amount that has previously been reduced in part by set-off pursuant to this Section 8(e).

(iii) Nothing in this Section 8(e) will be effective to create a charge or other security interest. This Section 8(e) will be without prejudice and in addition to any right of set-off, offset, combination of accounts, lien, right of retention or withholding or similar right or requirement to which Client or Clearing Member is at any time otherwise entitled or subject (whether by operation of law, contract or otherwise), provided that, notwithstanding anything to the contrary in the Clearing Agreement or any related Collateral Agreement, no party may exercise any rights of set-off in respect of Excluded Termination Amounts.
